

Thaddeus Diamond

Why I joined BCLC:

I am part of this program to learn more about how to participate in the J offerings, grow as a leader in the community, and ultimately give back to the J community I love. I am currently a member of the J, actively using the workout and aquatics facilities and send my children to the childcare and enrichment programs the J offers. BCLC is a great opportunity for all of us, and I am thrilled to have been selected to be a part of it.

What I hope to accomplish through BCLC:

I hope to be able to use my time and effort to serve the J community by improving the programs offered and giving a fresh perspective from a young parent in the community. In addition, having transplanted to Kansas City from the Northeast, I look forward to offering an outsider's perspective on the current and future offerings at the J!

The J value that resonates most with me:

Building Community (Kehillah): For me, building community is all about building a welcoming place for residents of the south Kansas City suburbs to come together and improve their physical, mental, and spiritual health. Kehillah is the cornerstone for all other values at the J, and just as the J has been so welcoming to me and my family I want to help build and grow the J to welcome other families in our community.
