2026-27 Season

Encore at The J is a premier studio offering dance classes in Overland Park. Our classes range from ages 2 through adult, and from beginners to competitive level. Each member of the Encore staff are experienced professionals in their field, which is something you don't find at every studio. With certifications in Progressive Ballet Techniques, Yoga, Acrobatic Arts, American Barre Technique, as well as Dance degrees and professional performing experience, our staff brings their experience of art in the real-world to our Encore dance studio. Their passion reaches each class, and they truly care about each student.

Our dance levels are determined by a balance of age and ability to ensure each student is provided a successful and fun experience. Each level builds on fundamental skills to provide education and challenges for students as they grow. Our dance program is built on a curriculum developed by our staff for each style of dance. The tumbling/acro program focuses on the Acrobatic Arts curriculum for all classes. This technique focuses on strength, flexibility, limbering, tumbling, and balance to develop strong and courageous dancers.

CLASS ATTIRE

All students should wear dance attire to all classes- snug fitting clothes- leotards (required for Ballet 3-5, bike shorts, biketards, bra tops, etc. Please be sure students have fitted workout attire to make sure all dancers are able to perform their best! All hair should be pulled up, out of the dancers face. No loose fitting tops for acro students without bra tops under. Remember, we spend a lot of time upside down in acro classes.

All students will need a white base leotard for the Nutcracker performance in December. They are available for order through Encore for \$25.
